LEARN ABOUT
AUTISM FRIENDLY CRUISING

EVERY FAMILY DESERVES AN INCREDIBLE VACATION

Set sail with the first cruise line to earn Autism Friendly Certification

Royal Caribbean® has always been the best choice for family friendly cruising. Now we've got even more to offer for children and adults on the autism spectrum.

We are the first cruise line to achieve Autism Friendly Certification from Autism on the Seas Foundation™ — an independent organization with the aim of making the cruise experience comfortable and enjoyable for all guests.

Families sailing on our Autism Friendly Certified ships can be confident that they will find autism friendly products, amenities and even special television programming onboard. Our efforts to ensure inclusion and participation by the autism and developmental disability community create an inviting and supportive experience the entire family will appreciate.
